barSTOCK Exchange Loyverse Provisioning

We will assume you have received you access info for your barSTOCK segment.

Now login to barSTOCK as shown in the following video:

Video

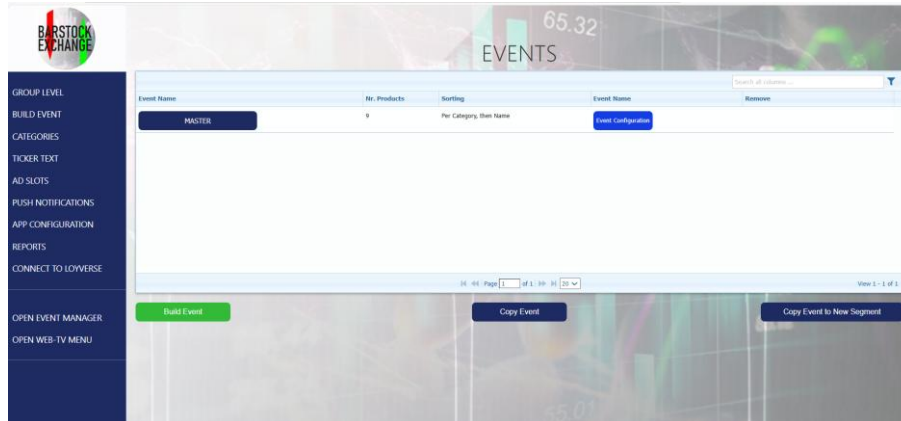

<https://youtu.be/n8o6AGknqMI>

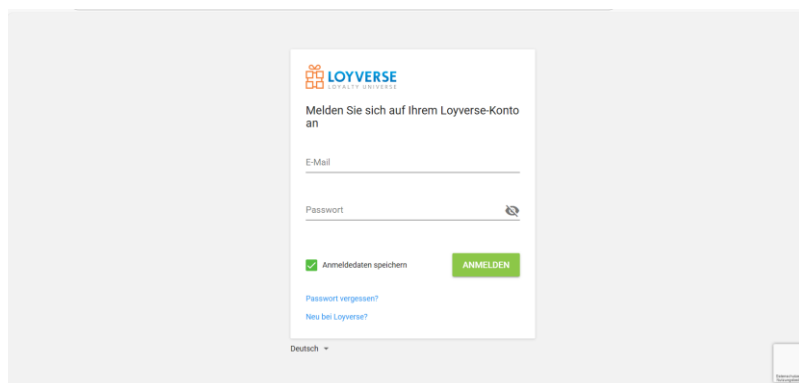

barSTOCK Exchange – Loyverse Provisioning Document

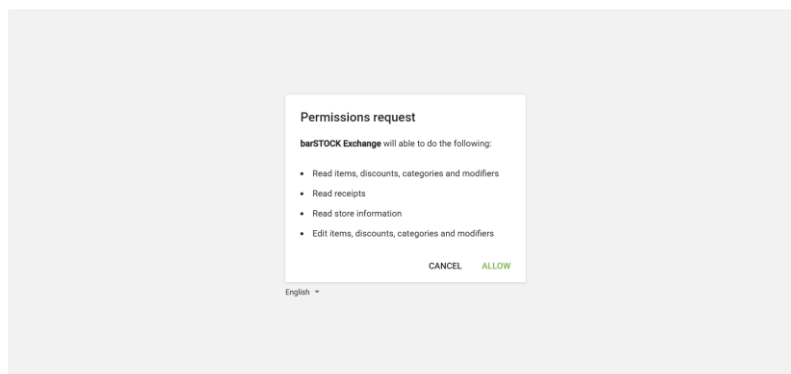

To provision the connection to Loyverse, please press **CONNECT TO LOYVERSE**.

This will launch the LOYVERSE login:

Once you enter your login data you will be navigated to the account access page of LOYVERSE.

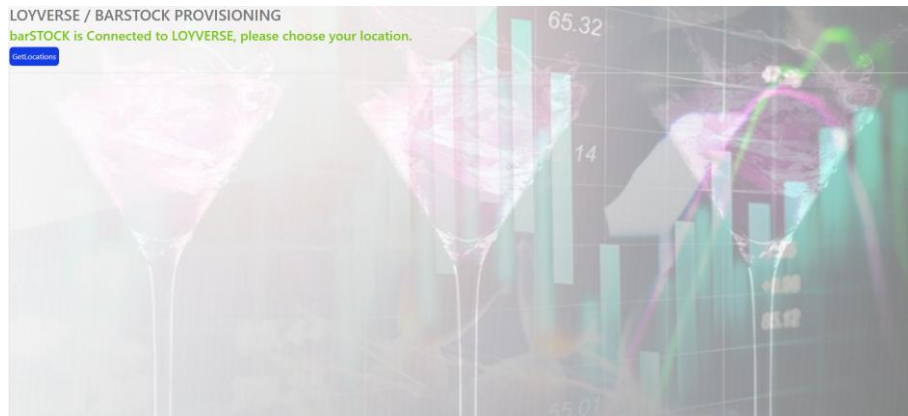

Please choose **ALLOW** to proceed.

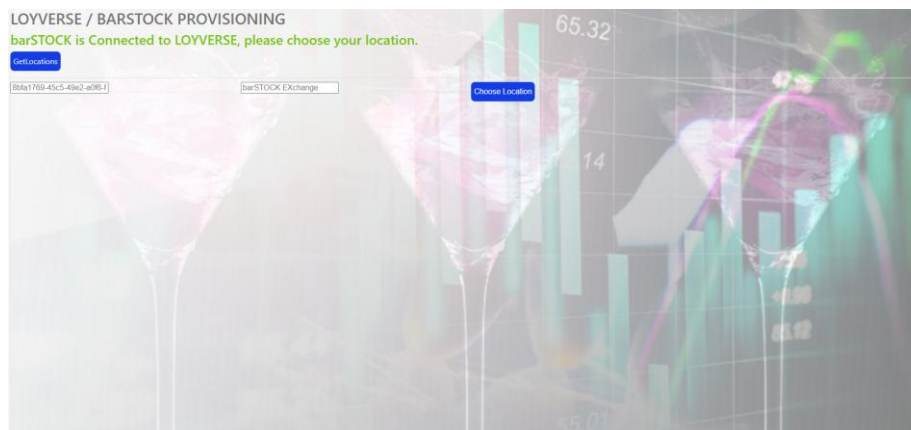

You will now be navigated back to final page in the provisioning which will create the access tokens and ask you which location barSTOCK should run in.:

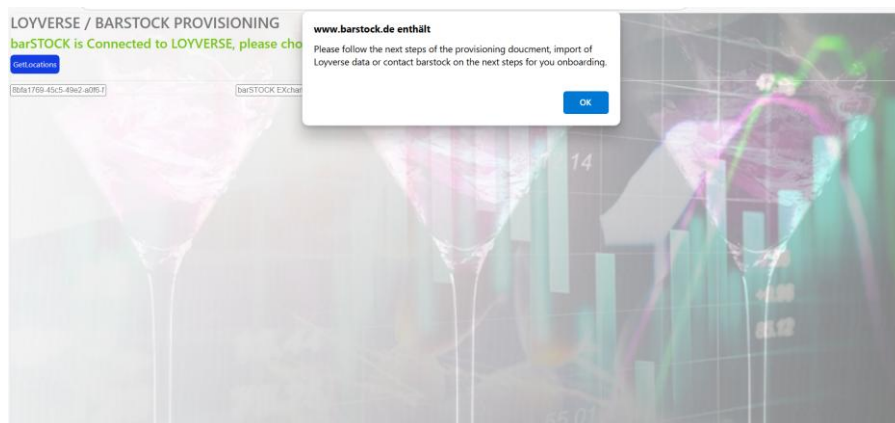

barSTOCK Exchange – Loyverse Provisioning Document

Choose **Get Location** to list the Venues in your account.

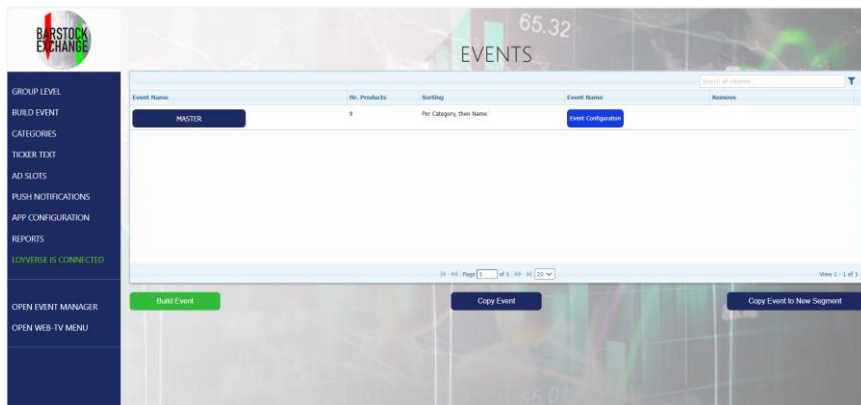

In this example, barSTOCK Exchange. Press **Choose Location**.

After pressing **OK** you will be returned barSTOCK landing Page and will see LOYVERSE IS CONNECTED on the left menu bar. Per default there is one database (Event) setup, **MASTER**.

Market Items

Setup the items you want listed in the market:

1. Assign them the category as above, barSTOCK Exchange
2. Set their price, this is important and is used for the import.
3. Alter the 'sku' to be in the following format <name>_barstock. **Only those items with _barstock will be imported!!**

Edit item

Description

☒

The item is available for sale

Sold by

☒ Each

☐ Weight/Volume

Price

£5.50

Cost

£0.00

To indicate the price upon sale, leave the field blank

Calculated as the sum of cost of components

SKU

budweiser_barstock

Barcode

Unique identifier assigned to an item

barSTOCK Exchange – Loyverse Provisioning Document

Repeat this process for every item. Once completed contact barSTOCK to have the item data imported.

Import LOYVERSE Data to barSTOCK Exchange

Let's now return to barSTOCK to Import the data.

Please watch the following Video for instructions on how to import the LOYVERSE data to barSTOCK.
